List of Earthquake Prone Buildings as at 03/11/2016

The buildings listed below are earthquake prone under Section 124 of The Building Act 2004. A notice has been served to the owners of these buildings.

Please Note: The status of buildings in this list can change on a day to day basis and the information was current on the date the list was published. Please contact the Council for up to date information on individual properties, we would suggest you obtain a Land Information Memorandum (LIM).

The street address may differ from the street address recorded in other systems/publications

- Building Ref is a reference to identify a building where there is more than one structure/building on site. (ie not a street address reference)
- Expiry Date - Refers to the expiry date on the earthquake-prone building notice.
- NZ Historic Places Trust Category - a one or two indicates that a building has a category one or category two listing.
- WCC Heritage - A tick indicates that a building is identified as a heritage building in the District Plan.
